

SHUBHAM KUMAR SRIVASTAV

Python Full Stack Developer & Data Analyst

Gurugram, India | srivastavshubhamkumar7721@gmail.com | +91 9628097721 | [LinkedIn](#) | [GitHub](#)

SUMMARY

Aspiring Python Full Stack Developer and Data Analyst proficient in Python, Django, SQL, HTML, CSS, JavaScript, and Power BI. Skilled at building scalable web applications, analyzing data, and creating impactful business dashboards. Eager to contribute technical and analytical skills to a growth-oriented organization.

SKILLS

Languages & Frameworks: Python, SQL, JavaScript, HTML5, CSS3, Bootstrap, Django
Data & Tools: Power BI, MS Excel, Pandas, NumPy, Matplotlib, MySQL, Git, GitHub, VS Code, APScheduler
Concepts: Object-Oriented Programming (OOP), DBMS, Data Structures & Algorithms
Currently Learning: Machine Learning (ML)
Professional: Communication, Teamwork, Problem-Solving, Time Management, Adaptability, Quick Learning

WORK EXPERIENCE

Python Full Stack Developer & Data Analyst Trainee | Pyspider, Gurugram *Apr 2026 - Present*

- Developed responsive web applications using Python, Django, HTML, CSS, JavaScript, and SQL.
- Built and managed databases, optimized SQL queries, and implemented backend functionality.
- Created interactive dashboards and reports using Power BI for data-driven insights.
- Collaborated on real-world projects while following coding standards and best practices.

Python Programming Intern | Codingmission IT Solutions *Jan 2026 - Feb 2026*

- Applied Python fundamentals, including loops, functions, and data structures, to solve real-world problems and strengthen software development skills.
- Designed and implemented a functional Python project independently, improving coding efficiency and productivity.
- Collaborated with peers and mentors to debug code and follow programming best practices.

PROJECTS

Employee Salary Analytics *Jul 2026*

- Built an end-to-end employee salary analytics system using Python, MySQL, and Power BI to support data-driven HR decisions.
- Cleaned and analyzed employee data with Pandas and SQL to generate actionable insights on salary and performance trends.
- Designed interactive Power BI dashboards with KPIs, charts, and slicers covering salary, department, bonus, and performance metrics.
- Automated recurring reporting and visualizations using Matplotlib, reducing manual analysis time.

Medicine Reminder System *Apr 2026 - May 2026*

- Developed a web application to manage medicine schedules and deliver timely reminders to users.
- Automated reminder scheduling with APScheduler, improving medication adherence.
- Built a responsive, user-friendly interface using Django, HTML, CSS, and Bootstrap.

EDUCATION

Bachelor of Computer Application (BCA) | Institute of Management & Research *Jul 2023 - Jun 2026*

Intermediate (Class XII) | Aanand Mission Intermediate College, Fazilnagar, Kushinagar *Jul 2021 - Jun 2023*

High School (Class X) | Aanand Mission Intermediate College, Fazilnagar, Kushinagar *Jul 2019 - Jun 2021*

CERTIFICATIONS

Data Analytics Job Simulation — Deloitte (Forage). Completed practical tasks in data analysis and forensic technology, strengthening analytical thinking and data interpretation skills.
SQL (Basic) Certification — HackerRank. Demonstrated proficiency in SQL queries including SELECT, JOIN, filtering, and data retrieval.
Data Science & AI Workshop — AppWars Technologies, 2025. Gained foundational knowledge of data science and AI concepts through hands-on sessions.
AI and Cybersecurity Awareness Certification — TCS iON. Learned fundamentals of AI and cybersecurity, including online safety and data privacy practices.
Python Programming Internship Certificate — Codingmission IT Solutions. Recognized for hands-on Python programming and problem-solving during internship.
